Specalist on Fistula, Swinney, Ring Bone, Side Bone, Spavin, Big Head, Big Shoulder, Splints,

Diseases of the eyes, removing tumors and warter Those horses and mules walking on their toes, I can put flat on their feet in less than half an hour, If not

I dont charge a cent. If you have colts that need to be castrated bring them to me. When your horses or mules dont eot well, slobber or eat on one side, or having rough hair, his teeth are paining, bring them to me.

The Famous May O

Does Not Strain the Eyes Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain. The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at
